

Necomplus, established in 1993, is part of ASEE GROUP. In its vision of being a global provider of outsourcing expert services, it commits to quality by implementing Quality and Environmental management systems based on International Standards UNE-EN-ISO 9001:2015 and UNE-EN-ISO 14001:2015, thus promoting and disseminating at all the company levels an Integrated Quality and Environment Policy to be the guide for the achievement of our main goal:

“Guaranteeing QUALITY and SERVICE for our clients, by keeping a high BALANCE between DEVELOPMENT and NATURE”

Our Policy considers the following guidelines:

- To comply with the requirements demanded by clients, as well as the regulatory and/or legal requirements applicable, and others we have subscribed to.
- To offer clients a highly specialised attention, adapted to the technological progress of our products.
- To develop activities within a fully environment-friendly scope, under the principle of pollution prevention.
- To keep an Integrated Management System in search for constant improvement as the main axis for our activities.

In order to achieve these guidelines, at NECOMPLUS, S.L. we undertake to:

- Make the commitment to keep a Quality and Environment Policy as a reference framework for the establishment of Quality and Environmental goals.
- Make the commitment to comply with the Quality and Environment Policy and lead the development, implementation, and improvement of the Management System.
- Make the commitment to revise the current policy to adapt it to the new requirements and make it available to any company or institution or stakeholder that requests so.
- Make the commitment to allocate the necessary technical and human means to keep a constant contact with our clients and market, in order to know their needs and be able to adapt to said needs.
- Make the commitment to develop high-end products and services (high quality/minimum impact)
- Make the commitment to establish the necessary measures to achieve our staff's satisfaction and keep a good working environment. At NECOMPLUS, S.L. we undertake to promote participation and personal training.
- Make the commitment to manage vital resources in a demanding and efficient manner: Water; Energy; by allocating the necessary and viable means.
- Make the commitment to develop our activities by minimizing the generation of waste, dumping and emissions.

- Keep a strict control of the most significant environmental aspects, in order to minimise any kind of impact.

The Management of NECOMPLUS, S.L. signs this policy and assumes the commitment to keep the content of this policy and extend it to the general public.

Tiziana Santocchi is appointed Management representative for Quality and Environment Management.

Approved by the director.
